

LAKELAND LANEQUESTS

2 hour bike orienteering events on country lanes

Suitable for all bikes

Register from 5pm, start from 5.30pm - latest start 7pm

What is a Lanequest?

There will be 30 controls placed in the area each valued at 10 points. Your aim is to collect as many points as possible and return to the finish within the 2 hours time limit. Penalty points will be deducted for late return. The event map will be provided, pre-marked with control sites. The map will be an A4 colour copy based on an OS 1:50 000 map. *Look out for slight reductions or enlargements.* The precise point (e.g. the side of the road) where the control is placed is marked on the map with a red dot, the number for that control is also on the correct side of the road. Controls are wired onto clearly marked features - usually footpath fingerposts.

Prizes awarded for **best 4 scores out of 6 events.**

In addition all participants in 4+ events will be included in a prize draw, courtesy of Wheelbase. Winners cut the cake at the final event.
